(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) () Are, () are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; and

(2) () Have, () have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) () Are, () are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [ballot] Have, [ballot] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).)

(The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.)

() (1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror () does () does not certify that--

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies--

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)

The submittal of an incomplete proposal, or failure to provide the required number of copies in the format requested may render the proposal unacceptable.

3. The original proposal and copy shall be submitted in binders and shall include a table of contents with consecutively numbered pages. Proposals shall also be indexed and tabbed to identify the various sections as described in paragraph 1 above. Offerors shall submit the proposal in separate volumes as follows:

Volume I –

Standard Form 1449
Offeror Representations and Certifications
Amendments or acknowledgements
Pricing
Past Performance Information

Volume II –

Technical Proposal

4. Proposals shall be submitted to: CPT Thomas Lutz, Lao Plaza Hotel, 63 Samsenethai Road, Vientiane, Lao PDR, +(856 21) 218800-1 (thomas.lutz@us.army.mil). Contractors are responsible for ensuring that proposals are received by the Government within the specified timeframe.

5. Material not directly related to the information requested should not be included in the proposal. Any information not requested will be disregarded in the evaluation process. Unnecessarily elaborate proposals are undesirable.

II. EVALUATION AND RELATIVE IMPORTANCE

1. Factor 1 – Technical:

- Subfactor (a): Management Plan
- Subfactor (b): Specialized Experience
- Subfactor (c): Proposed Plan and Schedule

2. Factor 2 – Past Performance

3. Price. Price is evaluated but not scored.

III. PROPOSAL CONTENTS AND EVALUATION CRITERIA

1. Factor 1: Technical:

a. Subfactor (a) Management Plan: The Offeror shall detail their management plan to manage the site preparation and UXO clearance to ensure the project is completed in a safe manner, on time, within budget, and completely useable for the intended purpose.

b. Subfactor (b) Specialized Experience: The Offeror shall describe their UXO clearance experience working in the geographic location and with humanitarian assistance or similar requirements.

c. Subfactor (c) Proposed Schedule: The Offeror shall describe their proposed plan and schedule to complete site preparation and UXO clearance for each project site.

2. Factor 2: Past Performance: The offeror shall provide information pertaining to the history and experience of the firm and provide a list of current and previous Federal, State, Municipal, or commercial contracts within the last three years that are for services similar to this requirement.

The offeror shall complete Attachment 1, “Experience Reference Information” for each reference and submit them with its proposal.

The Government may limit the references it decides to contact, and to contact or utilize sources other than those provided by the offeror.

The offeror may describe any quality awards or certifications that indicate the offeror possesses a high quality process for performing the services required.

The offeror may describe previous performance problems and address corrective action taken and preventive measures implemented to avoid reoccurrence.

The Government will subjectively assess performance risk based on the Offeror’s overall past performance and experience. Experience is defined as the overall experience of the firm in specific projects, in progress or completed, that are for services similar to this requirement. Past performance reflects how well the Offeror has performed these services. When determining each Offeror’s overall performance risk rating, the Government will place more emphasis on projects that are similar in scope, effort, and magnitude to this requirement and those with a longer performance history.

Evaluation will aid in assessing an Offeror’s risk of performance and relative capability to meet performance requirements. Statements of opinion about quality of work and work experience will be obtained from references listed in the proposal and other sources or entities (i.e. consumer protection organizations and other individuals, businesses, and agencies that may have useful and relevant information).

The absence of past performance will result in a neutral rating of “none”, in which the offeror will not be rated favorably or unfavorably. However, a neutral rating may be considered a higher performance risk and may affect the Offeror’s overall ranking.

Offerors whose past performance information is the determining factor preventing them from being considered for award will be afforded the opportunity to address adverse past performance information.

3. Factor 3: Price: Price is not formally scored. However, its significance to the award determination should not be disregarded. Price will be evaluated using price analysis to determine the extent to which it is reasonable, realistic, and consistent with the proposal.

In evaluating price, the Government's concern is to determine whether:

- It reflects the offeror's understanding of the project and ability to successfully organize and perform services as required by the contract.
- It is reasonable when compared to similar efforts and the Government's estimate.
- It is compatible with the proposal's scope and effort. Price should be neither excessive nor insufficient for the effort to be accomplished. Unrealistically high or low prices may be grounds for eliminating the proposal on the basis the offeror does not understand the requirement.

The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

IV. EVALUATION RANGE

1. Prior to evaluation of proposals, an initial range may be established based on received prices. If established, evaluation of technical capability and performance risk will be conducted only on those offers determined to have a reasonable chance of being selected for award. Once an offeror is excluded from the initial range, revised proposals will not be accepted or considered, even if the Government later conducts discussions.

2. Offerors should note that in accordance with FAR 52.212-1, entitled "Instructions to Offerors—Commercial Items", the Government intends to award a contract on the basis of initial offers received without discussion. Offerors should therefore ensure that their initial proposal contains their best offer from both a price and technical standpoint, with sufficient information and documentation to enable the Government to fully ascertain each offeror's capability to perform all services required by the solicitation, and should not assume that discussions will be conducted. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be in the Government's best interest.

3. In the event discussions become necessary, the Contracting Officer may determine that the number of proposals that would otherwise remain in the range exceeds the number at which an efficient competition can be conducted and may limit the number of proposals in the range to the greatest number that will permit an efficient competition among the most highly rated proposals.

V. BEST VALUE ANALYSIS. Subjective judgment on the part of the Government is implicit in the process of the best value determination. Government personnel will assess a rating based upon their review of the proposal with respect to content and evaluation criteria.

VI. BASIS FOR AWARD

1. This evaluation will be conducted in accordance with FAR 15.101-1 Tradeoff Process. The Government will award a contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, will be the most advantageous to the Government, price and other factors considered. The lowest priced proposal or the proposal receiving the highest evaluation rating may not necessarily receive the award.

2. A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party.

VII. EVALUATION FACTORS.

1. For technical evaluations, a color rating system will be used as follows:

- Blue - Excellent: Proposal demonstrates excellent understanding of requirements. Proposal has exceptional strengths that will significantly benefit the Government and will likely result in exceptional performance. Significantly exceeds performance and/or capability standards.
- Green - Good: Proposal demonstrates good understanding of requirements. Proposal has one or more strengths that will benefit the Government and will likely result in highly successful performance. Exceeds performance and/or capability standards.
- Yellow - Acceptable: Proposal demonstrates acceptable understanding of requirements. Proposal may or may not have strengths but will likely result in acceptable performance. Adequately meets the performance and/or capability standards.
- Pink - Marginal: Proposal demonstrates only marginal or shallow understanding of requirements. Proposal has no strengths and one or more weaknesses that will likely result in minimal or suspect performance. Does not adequately meet the performance and/or capability standards but is susceptible to being made acceptable.
- Red - Unacceptable: Proposal demonstrates unacceptable understanding of requirements. Proposal has no strengths and one or more major weaknesses that will likely result in very minimally or unacceptable performance. Fails to meet the acceptable performance and/or capability standards and would require major revisions.

2. For performance risk evaluations, a color grading scale will be used based on criteria as follows:

- Blue - No Risk: Offeror's experience and past performance record provides essentially no doubt that the Offeror will successfully perform the required effort. Very good probability of success with very low risk.
- Green - Low Risk: Offeror's experience and past performance record provides little doubt that the Offeror will successfully perform the required effort. Good probability of success with low risk.
- Yellow - Moderate Risk: Offeror's experience and past performance record provides some doubt that the Offeror will successfully perform the required effort. Fair probability of success with moderate risk.
- Pink - High Risk: Offeror's experience and past performance record provides substantial doubt that the Offeror will successfully perform the required effort. Doubtful probability of success with high risk.
- Red - Critical Risk: Offeror's experience and past performance record provides extreme doubt that the Offeror will or can successfully perform the required effort. Extremely doubtful probability of success with very high risk.
- Gray - Unknown Risk: The Offeror has no relevant performance record. A thorough search was unable to identify any past performance information. Unknown probability of success.
